

Radiance-N manipal

Actual image

Veridian World is a vibrant new idea in Construction; fresh thinking that makes living better. In our real estate projects we create a balance between functionality, quality and design to bring positive harmony to the living space. Veridian World is promoted by a group of professionals with a deep understanding of architectural form, and a keen eye for detail and aesthetics. It is a combination that not only ensures higher standards in construction but also means a better quality of life for you.

*Smart design
means more value
for your
investment*

Conceptual image. Veridian World does not offer interior décor solutions.

Intelligent architecture at Veridian World has ensured that a maximum of every square foot of space that you buy at Radiance-N Manipal, is your own private space. The common areas outside your apartment have been limited to the minimum without compromising community convenience. This means more value for your money: you own more of every square foot that you buy.

*Positive use of
the natural elements
creates harmony in
your living space*

Conceptual image. Veridian World does not offer interior décor solutions.

Earth, water, light and air are natural elements essential for life. At Radiance-N we have used the natural elements to make good living better – the principles of Vaastushastra have been applied to the layout and plan to bring in good energies, a unique mix of wire-cut brick and laterite means that even in the harsh Manipal summer your apartment at Radiance would be cooler, and the thought that has been put into the design at Radiance means more light and air in every apartment.

*New, green thinking
not only means a
healthier lifestyle
but also a happier home*

Actual image

New, green thinking not only means a healthier lifestyle but also a happier home: Rain water harvesting and recharging for optimum use of water resources means better availability of water and a more environment-friendly, radiant living.

100% stainless steel lift chosen from the very best in Germany, high-end Generator with extra capacity for strong, safe & adequate power; invisible imported mosquito mesh, concealed sewage lines – we have paid close attention to the small things that go a long way in making your home a more comfortable place to stay in. We have used materials and specifications of only the highest standards at Radiance-N Manipal. At Radiance, we also respect your individual taste and allow you the freedom to design your kitchen to your personal liking.
